Comments and Recommendations

We have audited the basic financial statements and the individual fund financial statements of Cleveland Township, Leelanau County, for the year ended March 31, 2006 and have issued our report thereon. As part of our examination, we made a study and evaluation of the Township's system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards. The purpose of our study and evaluation was to determine the nature, timing and extent of the auditing procedures necessary for expressing an opinion on the Township's financial statements. Our study and evaluation was more limited than would be necessary to express an opinion on the system of internal accounting control taken as a whole.

Our study and evaluation made for the limited purpose described above would not necessarily disclose all material weaknesses in the system. Accordingly, we do not express an opinion on the system of internal control of Cleveland Township taken as a whole. As a result of our examination, we respectfully submit the following comments and recommendations.

General

All recorded revenues were deposited timely and intact. Board minutes were maintained in proper order, and supporting documents and follow-up procedures appeared to be good. The Clerk maintains a general ledger which meets Uniform Accounting Requirements. The records of the Clerk and the Treasurer are maintained in acceptable order. The Clerk's general ledger is manually maintained; the Clerk should consider computerizing these records.

Budgets and Procedures

The Township prepared and adopted the required budget for its general fund. One cost center exceeded its budget by \$13. Since GASB #34 requires disclosure of the original and final budget, detailed records of budget changes should continue to be maintained.

General Fund

The general fund is presented on Schedule 1. Revenues exceeded expenditures by \$13,285. The fund balance at March 31, 2006 was \$146,170.

Current Tax Collection Fund

Property taxes collected were distributed to taxing units prior to the end of the fiscal year. We commend the Treasurer for the handling of this function. Receipts were filed in order of payment, bundled by deposit and supported by computer generated documents. Deposits were made approximately weekly and intact. Distributions to taxing units were made on a timely basis during the collection period.

Schedule 3 reflects the amount levied, collected and returned delinquent for the 2005 property tax levy.

Insurance and Surety Bond Coverage

Records indicate that the Township is insured through Municipal Underwriters of Michigan and has such coverage as fire and extended coverage, general liability, workmen's compensation, errors and omissions, etc. Coverage was reviewed by the Board in the audit year. The Clerk, Treasurer and their deputies have surety bond coverage.

Payroll Procedures

Current payroll records and procedures appear to be adequate. However, quarterly payroll reports for 2005 did not reconcile with W-2 forms.

General Fixed Assets

General fixed assets consist of the cost or acquisition value of the land and the Township Hall. During the year, the Township acquired no new fixed assets. There were no disposals during the year.

Tobin & Co.

Other Data

After completion of our audit, we will submit the necessary copies of our report to the State Department of Treasury.

We commend the Clerk and Treasurer for the condition of the Township records. We also appreciate the courtesy extended our field examiner in the course of this examination.

Your confidence is respected. Please contact us if questions arise or assistance is needed.

REPORT OF INDEPENDENT AUDITOR

To the Township Board
Cleveland Township
Leelanau County
Maple City, Michigan 49664

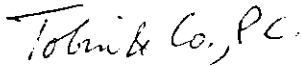

We have audited the basic financial statements of Cleveland Township as of and for the year ended March 31, 2006, as listed in the Table of Contents. These financial statements are the responsibility of the Township's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the basic financial statements referred to above present fairly in all material respects, the financial position of such funds of Cleveland Township at March 31, 2006, and the results of operations in conformity with accounting principles generally accepted in the United States of America.

Management's Discussion and Analysis are not a required part of the basic financial statements, but are supplementary information required by the Government Accounting Standards Board Statement 34. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedules listed in the Table of Contents are presented for the purposes of additional analysis and are not a required part of the basic financial statements of Cleveland Township. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

CLEVELAND TOWNSHIP MANAGEMENT'S DISCUSSION AND ANALYSIS

As the Township officials of the Cleveland Township, Leelanau County, we offer readers of the township's financial statements this narrative overview and analysis of the financial activities of Cleveland Township for the fiscal year ended March 31, 2006.

Financial Highlights

The assets of Cleveland Township exceeded its liabilities at the close of the most recent fiscal year by \$158,921. Of this amount, \$145,996 may be used to meet the Township's ongoing obligations to citizens and creditors.

As of the close of the current fiscal year, Township's governmental funds reported combined ending fund balances of \$146,170, an increase of \$13,285 in comparison with the prior year. The total amount, \$146,170 is available for spending at the Township's discretion.

At the end of the current fiscal year, unreserved fund balance for the general fund was \$146,170, or 98% of total general fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Cleveland Township's basic financial statements. The Township's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information, in addition to the basic financial statements themselves.

1. Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Township's finances, in a manner similar to a private-section business.

The **statement of net assets** presents information on all of the Township's assets and liabilities, with the difference between the two reported as **net assets**. Over time, increases or decreases in net assets may serve as a useful indicator of whether the Township's financial position is improving or deteriorating.

The **statement of activities** presents information showing how the Township's net assets changed during the most recent fiscal year. All changes in **net assets** are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes, earned but unused credits, and used but not paid expenses).

Both of the government-wide financial statements distinguish functions of the Township that are principally supported by taxes and intergovernmental revenues (**governmental activities**) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (**business-type activities**). The governmental activities of the Township include: General Government, Public Safety, Road Projects, and Township Improvements. Cleveland Township does not have any business-type activities (examples would include water and sewer, golf courses, etc.).

2. Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Cleveland Township, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of Cleveland Township are categorized as governmental funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Tobin & Co.

Cleveland Township maintains one individual governmental fund. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, which is considered to be a major fund. All Township government activities are included in this fund.

The Township adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund and other major funds to demonstrate compliance with this budget.

3. Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

General Fund Analysis and Highlights

The general fund is the principal operating fund of the Township. At the end of the current fiscal year, unreserved fund balance of the general fund and the total fund balance was \$146,170. Unreserved fund balance represents 98% of total general fund expenditures.

The fund balance of the Township's general fund increased by \$13,285 during the current fiscal year.

No increase or decrease in appropriations of the total budget was made during the year. The total dollars spent in general fund activities was \$4,701 less than appropriated.

For the most part, increases in expenses closely paralleled inflation and growth in the demand for services.

Capital Asset and Debt Administration

Capital Assets

The Township's investment in capital assets for its governmental activities as of March 31, 2006, amounts to \$4,882. This investment in capital assets includes: several parcels of land and the Township Hall. This is the first year that the total Township's investment in capital assets has been assessed and reported. Our government fund reports capital outlays as expenditures. However, the cost of the assets is allocated over their useful life. During the fiscal year there were no capital outlays, and depreciation amounted to \$360.

Cash Assets

At the end of the current fiscal year, the Township had \$146,170 in cash and other spendable assets. Of this amount, \$143,161 (98%) was held in interest bearing bank accounts. The Township is limited by State law in how it can invest these funds, and we have made no changes in our investment strategy in several years.

Long-term Debt

At the end of the current fiscal year, the Township had no bonded or installment debt outstanding.

Pension Plan

Township employees have the option of having the Township pay Social Security payments or to join our pension plan. The Township makes contributions equal to approximately 7 % of each employee's wage on behalf of each participating employee. This is an expensed item in the budget and totaled \$3,543 for the fiscal year. The Township provides no other employee benefits.

Requests for Information

This financial report is designed to provide a general overview of Cleveland Township's finances for all those with an interest in the Township's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Ms. Jan Nemeskal, Clerk, Cleveland Township, 6800 Bohemian Road, Maple City, MI 49664-8760.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Cleveland Township is a general law township located in Leelanau County. Population as of the 2000 census was 1,040, and the current state equalized valuation for taxable property is \$161,724,993 and the taxable valuation is \$82,611,210.

The Township's basic financial statements include the accounts of all Township operations. The criteria for including organizations within the Township's reporting entity, as set forth in GASB No. 14, "*The Financial Reporting Entity*" includes oversight responsibility, fiscal dependency and whether the financial statements would be misleading if data were not included.

Based on the above criteria, there are no other organizations included in these financial statements.

B. Basis of Presentation

The government-wide financial statements (the statement of net assets and the statement of changes in net assets) report information on all of the activities of the Township. The effect of interfund activity, within the governmental activities column, has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific program. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given program and 2) operating or capital grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements:

The Township segregates transactions related to certain functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. These statements present each major fund as a separate column on the fund financial statements; all non-major funds are aggregated and presented in a single column.

Governmental Funds

Governmental funds are those funds through which most governmental functions typically are financed. The measurement focus of governmental funds is on the sources, uses and balance of current financial resources. The Township has presented the following governmental funds:

General Fund – This fund is used to account for all financial transactions not accounted for in another fund, including the general operating expenditures of the Township. Revenues are derived primarily from property taxes, state distributions or grants, and other intergovernmental revenues.

Fiduciary Funds

These funds are used to account for assets held in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds.

Notes to Financial Statements

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement Focus/Basis of Accounting

Measurement focus refers to what is being measured; basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurement made, regardless of the measurement focus applied.

The government-wide statements are reported using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net assets and the operating statements present increases (revenues) and decreases (expenses) in net total assets. Under the accrual basis of accounting, revenues are recognized when earned. Expenses are recognized at the time the liability is incurred.

Governmental fund and agency fund financial statements are reported using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual; i.e., when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. The Township considers property taxes as available if they are collected within 60 days after year end. A one-year availability period is used for recognition of all other Governmental Fund revenues. Expenditures are recorded when the related fund liability is incurred.

The revenue susceptible to accrual are property taxes, franchise fees, licenses, charges for service, interest income and intergovernmental revenues. All other governmental fund revenues are recognized when received.

D. Budgets

The General Fund is under formal budgetary control. The budget shown in the financial statements for this fund was prepared on a basis not significantly different from the modified accrual basis used to reflect actual results and consist only of those amounts contained in the formal budget approved and amended by the Township.

In the body of the financial statements, the Township's actual and budgeted expenditures for the budgetary funds have been shown on a functional basis. The approved budgets for these funds were adopted to the activity or cost center level.

For budgetary purposes appropriations lapse at fiscal year end.

E. Capital Assets

Capital assets, which includes property, plant, and equipment, are reported in the applicable governmental column in the government-wide financial statements. All capital assets are valued at historical cost or estimated historical cost if actual historical is not available. Donated assets are valued at their fair market value on the date donated. Repairs and maintenance are recorded as expenses. Renewals and betterments are capitalized. Interest is capitalized during the construction period on property, plant and equipment.

Assets capitalized have an original cost of \$500 or more and over one year of useful life. Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Land Improvements	25 years
Buildings	50 years
Building Improvements	25 years
Furniture and Fixtures	10 years
Office Equipment	5 years

Cleveland Township Notes to Financial Statements March 31, 2006

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. Property Tax Procedures and Collections

Properties are assessed as of December 31 and the related property taxes become a lien the following July 1 and/or December 1. Real property taxes are collected by the Township Treasurer through February 28 of each year. As of March 1, uncollected real property taxes are returned delinquent to, and collected by, the County Treasurer. Personal property taxes remain the responsibility of the Township Treasurer to collect. It is the policy of the Township to record the real property taxes in the year of levy.

During the collection period prior to March 1, the Township Treasurer makes distribution of the property tax collections to the various taxing units (County, School District, etc.) as required by statute.

For the fiscal year the Township levied property taxes as follows:

	<u>SEV</u>	<u>Taxable Value</u>	<u>Millage Rate</u>
General Operating	\$161,724,993	\$ 82,611,210	.6252

G. Investments

There were no investments during the audit year.

H. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

- A. There were no violations of legal provisions and/or contractual provisions of various agreements related to financial matters.
- B. All funds had positive fund balances at March 31, 2006.
- C. Public Act 621 of 1978, Section 18, provides that a local unit shall not incur expenditures in excess of the amount appropriated. For the year ended March 31, 2006, one cost center overexpended its budget without formal amendment by \$13.

NOTE 3 - DEPOSITS WITH FINANCIAL INSTITUTIONS

A. Legal Provisions for Deposits and Investments

Act 20, Public Acts of 1943, as amended by Act 217, Public Acts of 1982, and Act 196, Public Acts of 1997, states that the Township, by resolution, may authorize the Treasurer to invest surplus funds as follows:

- (1) In bonds and other direct obligations of the United States or an agency or instrumentality of the United States.
- (2) In certificates of deposit, savings accounts, deposit accounts, or depository receipts of a bank which is a member of the Federal Deposit Insurance Corporation or a savings and loan association which is a member of the Federal Savings and Loan Insurance Corporation or a credit union which is insured by the National Credit Union Administration, but only if the bank, savings and loan association, or credit union complies with subsection (2).

NOTE 3 - DEPOSITS WITH FINANCIAL INSTITUTIONS (Continued)

A. Legal Provisions for Deposits and Investments (Continued)

- (3) In commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and which matures not more than 270 days after date of purchase.
- (4) Repurchase agreements consisting of instruments defined in (1) above.
- (5) In bankers' acceptances of United States Banks.
- (6) Obligations of the State of Michigan or any of its political subdivisions that at the time of purchase are rated as investment grade by not less than one standard rating service.
- (7) In mutual funds registered under the investment company Act of 1940 with the authority to purchase only investment vehicles that are legal for direct investment by local units of government in Michigan.

B. Types of Deposits and Investments

The Township had \$183,226 deposited with a local bank at March 31, 2006 with a carrying value of \$146,914. Interpreting the FDIC insurance coverage of \$100,000 of demand deposits and \$100,000 of time deposits per depository, the Township had \$43,161 of uninsured deposits at March 31, 2006.

NOTE 4 - CAPITAL ASSETS

Capital assets of governmental activities consisted of the following at March 31,

	<u>3/31/05</u>	<u>Additions</u>	<u>Deletions</u>	<u>3/31/06</u>
Land	\$ 202	\$ -	\$ -	\$ 202

	<u>\$ 5,242</u>	<u>\$ (360)</u>	<u>\$ -</u>	<u>\$ 4,882</u>

NOTE 5 - LONG-TERM DEBT

The Township has no long-term debt at March 31, 2006, and no borrowing is anticipated in the near future.

NOTE 6 - LOANS AND ADVANCES BETWEEN FUNDS

There were no inter-fund loans or appropriations during the audit year.

NOTE 7 - INVENTORIES

Cleveland Township does not maintain a substantial inventory of supplies or materials. Purchases are normally made as needed, and the items are recorded as expenses when purchased.

Tobin & Co.

Cleveland Township Notes to Financial Statements March 31, 2006

NOTE 8 - RETIREMENT PLAN

The Township has a defined contribution pension plan for Michigan Township employees. Listed below is a summary of the significant plan provision of this plan:

A. Eligibility Requirements

1. Attained age of 18 and not more than 75.
2. No minimum service requirement.
3. All elected officials and full-time and part-time employees.

B. Contributions

1. 10% of annual compensation if funded annually – 7% by the Township and 3% by the employees.
2. Compensation determined by the basic annual rate of compensation in effect at the beginning of the plan year.
3. Township pays 70% of required annual contributions.

C. Vesting

1. Contributions are vested to the employee immediately upon early retirement, termination of service, death, disability, or normal retirement at age 65.

D. Plan Administration

1. The plan is administered by the Township Clerk. During the year ended March 31, 2006, the total Township contribution for the plan year April 1, 2005 to March 31, 2006 was \$2,480. Covered payroll for the year was \$35,432 with total payroll of \$45,762 for all employees. The plan was funded at the required contribution amount.

NOTE 9 - ACCOUNTS/TAXES RECEIVABLE

The \$6,745 in delinquent taxes receivable in the General Fund represents 2005 property taxes returned delinquent to the County Treasurer for collection.

NOTE 10 - CONTINGENT LIABILITIES

Township officials are aware of no contingent liabilities of the Township.

NOTE 11- COMPENSATED ABSENCES

The Township does not provide for the payment to employees for sick leave, accumulated leave, etc.

NOTE 12- RISK MANAGEMENT

The Township is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the audit year the Township addressed these risks through the purchase of commercial insurance through Municipal Underwriters of Michigan. There was no significant reduction of insurance coverage from prior years nor have the amounts of any settlements exceeded insurance coverage in any of the past three fiscal years.
